Fay

Fay is an anthropomorphic female poodle who has, along with Miyu, only appeared in the unreleased *Star Fox 2* title. As with Miyu, Fay pilots an Interceptor class Arwing which is far faster than the other Arwing models, but wasn't built with defense in mind. Her personality seems especially cheery and the "go-getter" type. She is characterized by her bubbly attitude, white fur, and a big red bow in her hair. Some fans speculate that Fay is General Pepper's niece.

Miyu

Miyu is a tomboyish, anthropomorphic lynx who appeared in the unreleased *Star Fox 2* for the Super Nintendo Entertainment System. Because her only appearance was in an unreleased game, she is no longer considered canon to the rest of the series.

Miyu, along with Fay, pilots a faster Arwing model type called the Interceptor, which lacks in hull armor compared to the other Arwing models. However, an upgrade found later in the game could make up for this loss of defense.

No official artwork of Miyu was ever released.

Trivia

Given that so many elements of *Star Fox 2* were carried over to *Star Fox 64* (such as the Interceptor), it could be considered that Katt Monroe, an ally of *Star Fox* who was also a cat, may have been a replacement.
