B. Moni
i. Matt's knot was most unkind to the fennec, making Monica Dailey the fattest of them all. The wolf saved her for last, his lengthy tie stuffing three pups in her belly. Moving became almost impossible without help when she hit month eight. Adding insult to injury, the largest maternity bras on the market for her species offered no help. The others enjoyed lavishing and torturing the fennec's overgrown breasts, but Monica soon took a liking to feeding the entire compound. The adorable desert fox was ready to burst at the seams. **(Make her fatter than the Anubis/fennec pic to accommodate the triplets. Artist's discretion)**
