II. Story Scene

A. *"I want you to sleep with Matt. I'm too far along for him to tie with me. At best, I could give him blowjobs, but that won't last. He needs to tie with someone. I want to let him fuck me, but I've been either too sick or too tired. We don't fuck enough like we used to, but that was before I started to show. He works his tail off for me and I can't even give him any," she stuttered. The lioness shifted about in her seat and looked below Jessica's growing chest, the vixen's heavy bulge of stomach. Shelly reached out with a paw to brush the vixen's bare furred belly. Jessica took to staring at her lover's chest again, unable to help it.*
