C. Story scene

- i. *The judge took the rings from the podium. “We are gathered here today for the union of two souls. Two young souls on the road towards a new life together. Do you, Matt Debán, take Jessica Poxx as your lawfully wedded wife? ” the bloodhound asked.*

Matt looked to Jessica's grandfather and then back at Jess. “I do,” Matt said, taking one ring from the pillow and sliding it on Jessica's ring finger. Jessica's grandfather flattened his ears back in disapproval and looked down.

“Do you, Jessica Poxx, take Matt Debán to be your lawfully wedded husband, to love and mate till death do you part?” he asked again.

“I do...” Jess smiled back, beginning to cry. She took the remaining ring from the purple pillow and slid it on Matt's finger.

*How Jessica looks not pregnant.
Or not showing at the very least.
Ignore the banana. S'a joke with
the artist. Red/white ventral fur
stripe and tailtip divider, and
blackened eartip lines intentionally
omitted. There are plenty of color
references below.*

Matt's Tuxedo

2017 updated book character references

Hello Ahkahna. If you’re reading this, that means I am too lazy to try and streamline references for characters upon several different artists over at least twenty years. >.>

So I am going to outline some changes for a few characters. Most of this will impact the coloring phase.

nine months preggo refs

- Jessica Poxx, red fox, black ear tips.
 - 5'9", brown eyes, blonde hair, white tail tips
- Athletic build. Maybe a little chub? Barely?
- 132 pounds before pregnancy
- 192 pounds at birth
- five fingers (human like) with clawtips.
- pantigrade feet with clawtips.
- Keep her orange. Blonde hair. I took “red fox” way too literally. >.>
-

- *She's athletic. There's a loose shirt in this pic.*

- *Nine months preggo*
-
- Matt
 - Timberwolf. Solid gray tailtip. Ventral white stripe. Human feet and paws with clawtips.
 - 5'9"
 - Anatomy: Realistic wolf like cock with knot. 9" in length, larger when knotted.
 - Headfur. Go easy on the headfur. See the picture Acidaplivia did of me. Make it a bit shorter.
 - You'll see two versions of me throughout the art pics. Keep me lighter gray with a white ventral stripe. Black muzzle mark on both sides.

- Wedding ring on left ring finger when specified.

- - Adrienne
 - She was supposed to be jet black, but I’m willing to compromise. As black as you can make her while showing lots of fur texture?
 - 6’ to the head. The ears add an extra foot.
 - Inner ears dyed gold.
 - Thin bar for a tail.
