

I. Overall Description

- A. A nine month preggo Miyu whose pussy is straining to take Wolf's engorged knot. He's got it halfway in and cum is dribbling down everywhere.
- B. She has her head tilted and is sucking a load out of Panther, cum dribbling everywhere and have a few stains on her tits and belly from its excess.

II. POV

- A. From Wolf looking down at Miyu as she tilts her head and sucks Panther's cock.
- B. Panther is mostly cut off from the view as well.

III. Characters

- A. Because there's no real info on Miyu, I envision her as a shortie. 5'. No Miyu ref with a comlink exists, so you'll have to make one. Also, she has an earring on her left ear.

IV. Background

- A. Something starfoxy, if there's any room left...

If a character is specified to be preggo, make em this fat!

Miyu

Miyu is a tomboyish, anthropomorphic lynx who appeared in the unreleased *Star Fox 2* for the Super Nintendo Entertainment System. Because her only appearance was in an unreleased game, she is no longer considered canon to the rest of the series.

Miyu, along with Fay, pilots a faster Arwing model type called the *Interceptor*, which lacks in hull armor compared to the other Arwing models. However, an upgrade found later in the game could make up for this loss of defense.

No official artwork of Miyu was ever released.

Trivia

Given that so many elements of *Star Fox 2* were carried over to *Star Fox 64* (such as the Star Wolf team) it could be considered that Katt Monroe, an ally of Star Fox who was also a cat, may have been Miyu's replacement.
