

**I. Overall Description**

A. Leo fucking the hell out of Una. Random position.

**B. The messier the better.**

**II. Characters**

A. See pictures. Random placement. Make it messy.

**III. Background**

A. I've included refs of all the major settings below. Something random with the gargoyles theme. Castle Wyvern somewhere, or in the labyrinth. Maybe on top of a building, hee. NYC skyline opportunities. Also try some odd terrain under moonlight or at night. Surprise me.
